35 U.S.C. 112§ rejections

The rejection of claims 9-14 and 16 under 35 U.S.C. §112 as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention is overcome by amendment to claim 9. Specifically, claim 9 has been amended to include "a rail structure carried by the end of the handle", giving antecedent basis to "the rail structure". Since the 35 U.S.C. §112 rejections are overcome, claim 9 is in condition for allowance. Claims 10-14 depend from claim 9 and are allowable for the same reasons.

The rejection of claim 16 is rendered moot due to the cancellation thereof.

Claim 15 has been amended to include the limitations of claim 17 which was considered allowable, therefore claim 15 as amended is allowable.

Claims 18 and 19 depend from claim 15 and are therefore allowable for the same reasons.

SUMMARY

Claims 1-8 have been allowed. Claims 9-14 were considered allowable if the 35 U.S.C. 112§ rejections were overcome. Those rejections have been overcome. Claim 17 was considered allowable. Claim 15 has been amended to include the limitations of claim 17 and is therefore allowable.

In view of the foregoing, it is submitted that each of the claims is in condition for allowance. Withdrawal of the rejections and allowance of the claims is respectfully requested. Should there be any questions or remaining issues, Examiner is cordially invited to telephone the undersigned attorney for a speedy resolution.

Respectfully requested,
